HAMZA SHEHZAD

FULL STACK DEVELOPER

h4mzashehzad@gmail.com | +92 319 5299 636 | Portfolio | Linkedin | Islamabad, Pakistan

SUMMARY

Results-driven Software Engineering student with 2+ years of hands-on development experience in full stack development. Proven track record of delivering scalable solutions across front-end and back-end technologies. Actively seeking opportunities to leverage expertise in building responsive websites and mobile applications while completing Bachelor's degree.

PROFESSIONAL EXPERIENCE

React Native App/Web Developer | Markaz.pk | Full Time **Feb 2025 - Present**

- Working on a complex, data rich app focused on database connectivity and user experience.
- Contributing to website feature development and optimizing responsiveness to enhance user experience and support growth objectives.
- Implementing feature developments in a complex admin dashboard to add and manage content.

Full Stack Developer | GRIPHENS Technologies | Internship **Oct 2023 - Apr 2024**

- Engineered responsive websites in WordPress, Webflow, and React, collaborating with design teams to implement UI/UX designs.
- Performed complex tasks including back-end functionality, and third-party API integrations.
- Optimized performance and troubleshot technical issues while utilizing Git version control.

PROJECTS

Photography Portfolio Website **Apr 2025 - May 2025**

Auraze Media

- An interactive and responsive website built with React 18 and Vite.
- Front-end: Implemented a masonry layout with infinite scroll functionality.
- Back-end: Created an admin dashboard to add, edit and update site content.

Domain Marketplace Mobile App **Jun 2025 - Jul 2025**

PKDomains

- A React Native minimal and sleek domain marketplace app exclusively for .pk domains.
- Front-end: Custom designed clean UI screens optimized for all mobile devices.
- Back-end: Linked with MySQL database to fetch domain and user information.

EDUCATION

Bachelor of Software Engineering **Feb 2023 - 2027 (Expected)**

SZABIST University, Islamabad Campus

- Coursework includes Software Design, Database Systems, and Web Application Development
